

NUTRIFRIEND 1100

Smartfish Nutrifriend 1100 is a Food for Special Medical Purposes for the dietary management of disease-related malnutrition.

The product has a high content of non-oxidised marine omega-3 fatty acids, EPA and DHA, includes vitamin D₃, and is suitable for patients with cancer, immune failure and inflammatory diseases such as rheumatism, cardiovascular disease and KOLS.

Nutrifriend 1100 is also suited for dietary management of malnutrition, and for patients who need supplementation with the omega-3 fatty acids EPA and DHA, and vitamin D₃ in a tasty drink.

Nutrifriend 1100 is a juice based oral dietary supplement (with 90 % juice) and contains 200 kcal.

Nutrifriend 1100 comes in two flavours:
Jackfruit and Peach.

*Eicosapentaenoic acid

**Docosahexaenoic acid

Gluten: Gluten free.

Lactose: Low lactose.

Protein source: Whey protein isolate from milk.

Fat source: Fish oil from salmon, trout and cod.

Carbohydrate source: Glucose and fructose from fruit.

Fibre source: Pectin.

Soy: Contains soya lecithin.

SMARTFISH Nutrifriend 1100 is a dietary supplement suited for patients with cancer, immune failure or with a disease that needs dietary supplements, and is therefore suited for the dietary management of disease-related malnutrition or to patients who are in a nutritional risk of insufficient food intake or has increased energy need. Nutrifriend 1100 can also be recommended to patients with inflammatory diseases such as a cardiovascular disease, rheumatism or KOLS under medical supervision by a physician or dietitian.

Nutrifriend 1100 is well suited for patients who need a supplement with the omega-3 fatty acids EPA and DHA and vitamin D₃ in a fresh drink, including patients with a low intake of food with marine omega-3 fatty acids and vitamin D, or who spend too little time in the sunlight.

Nutrifriend 1100 is an oral dietary supplement, and not suitable as sole nutrition, but as a supplement for the normal diet or in combination with other nutritional complete dietary supplements.

Important notice: Only for enteral use. Not for parenteral use. Only to be used under medical supervision. Not suitable for use as the sole source of nourishment. Suitable for adults, seniors and children over 5 years. Use with caution in children from 3 years.

Contains whey protein isolate from milk and should not be used by people with milk protein allergy. Low lactose and gluten free. Fish oils are purified from fish protein. Contains soya lecithin.

Recommended dosage: 1-3 units per day or as recommended by a clinician or dietitian.

Ingredients in Nutrifriend 1100: Juice (from concentrate of apple pear, pomegranate, purple chokeberry and passion

fruit), **fish** oil (salmon, trout, cod), whey protein isolate (from cow's **milk**), pectin (E440), natural flavour, rosemary extract, natural tocopherols, vitamin D₃ (cholecalciferol) and emulsifier (**soy** lecithin).

Not added: Sugar, sweeteners, salt, colours or preservatives. With a natural sugar content.

Packaging: Cartons of 200 ml. Sold individually or in trays with 18 units. Packaged in a protective environment.

Storage and use: Store under room temperature (4-25°C) and protect from direct sunlight. Refrigerate once opened and use within 24 hours. Tastes best chilled. Shake before use.

Production and GMO: The fish oil is harvested from cod and from farmed Norwegian salmon, fully traceable, certified GMP*, Kosher and Halal. Smartfish is GMO free**.

Regulatory status: Nutrifriend 1100 a Food for Special Medical Purposes.

Smartfish AS: The company has an extensive clinical trial program. For more information see: no.smartfish.no/kliniske-studier
